SUMMARY

An engineering graduate specializing in Computer Science, with expertise in programming, web application development, and data analysis. Previously completed a 6 month internship in Python Application Development, thus gaining hands-on experience. A self starter, a learner, has strong problem solving skills and has a passion for technology. Seeking for internship opportunities to improve skills and perform to the best of my abilities and to be a part of company growth.

EXPERIENCE

PYTHON DEVELOPER INTERN *CNT*

June 2023 – November 2023
Bhimavaram.

EDUCATION

SRKR Engineering Collage

Bachelor of Technology in Computer Engineering - 7.73 CGPA

Smt.B.Seetha Polytechnic

Diploma in Computer Engineering - 72.89%

July 2024 - Present

Bhimavaram, Andhra Pradesh

June 2021 – April 2024

Bhimavaram, Andhra Pradesh

PROJECTS

Hospital Management System | *Html, Python, MySQL*

June 2023 - November 2023

- Developed a Hospital Management System using HTML, CSS (Frontend), Python (Backend) and MySQL (Database).
- Created modules for patient registration, appointments, billing, and medical records
- Enabled secure access to reports for patients and hospital staff from any location.

TECHNICAL AND SOFT SKILLS

• **Programming Languages:**

- C
- Java
- Python

• **Web Development:**

- HTML, CSS
- Bootstrap
- JavaScript

• **Databases:**

- MySQL

• **Tools:**

- VS Code
- Git
- GitHub

• **Soft Skills:**

- Problem Solving
-
